

## NON-EXCLUSIVE LISTING AGREEMENT

Thank you for your interest in selling your aircraft on the Aviation Auctions website. Once approved, your aircraft will be listed on our site and it will have exposure to our mailing list of industry buyers and operators throughout the industry. It is important to review this agreement. Once it is signed and approved, we will load your information provided below and present you with an auction preview for your approval. Our auctions will run every month and the actual bidding will be for a 30 day period with the auction ending at the end of each month. **If we do not receive an acceptable offer meeting your minimum reserve, we will continue run your aircraft in the following month's auction at no cost to you until it sells or until you decide to remove it from our site.**
